-------	-------------	---------	----------	--------------	------	---------------------------	----------	-----------	------------------	--------------	-------------------

Year – is the year they were chosen to play for Australia.

Re World Cup Appearances – every individual game played and captained at the world cups has been counted.

Criteria

1. All caps were chosen numerically for their place in Australia's Polo History.
2. Our first Cap was chosen by being the captain of the first recognised team to play for Australia.
3. From then, all caps were placed in order of handicap, and if the same then alphabetically.
